Subject: Ref: 6/2019/0085/MAJ. Chancellors school - PINE GROVE HATFIELD -AL9 7BS
Date: 13 February 2019 23:31:21

Dear sir/ madam.

Please accept this email as written objection to the above development of the school on Pine Grove AL9.

I live at number 18 pine grove - AL9 7BS.

I have witnessed multiple road traffic accidents outside our home as the volume of cars attempting to access the school with no other exit routes is excessive.

This is hazardous for

The children walking along the road and also cyclists as already the coaches and excessive flow is too much for the quiet road.

This is a dangerous expansion plan which is not suited for the infrastructure of the residential road.

Most children who attend are from potters bar which already has local schools such as mount grace which is located with 3/4 roads to allow the traffic to exit from all areas of the school. As opposed to chancellors which acts as a choke point for all log jam junction traffic attempting to exit pine grove on one residential street with no escape routes off.

Please take this as a strong objection to the plans.

Regards

18 pine grove
