As I wrote when this school extension was originally proposed Pine Grove is not suitable for the traffic it has now being extremely congested during school hours. Even having yellow lines outside the school, which are completely ignored by parents picking up children, has made no difference. Residents find cars are parked in front of drives and it can take up to 15 minutes in the afternoon to get down the road. It's unsafe for children crossing the roads and I have seen road rage and accidents on a number of occasions. There are also a great deal of buses up and down the road for the school which makes matters worse. The proposed increase of school numbers will only do more harm to a fragile situation.
