Comments	<input type="text" value="As a resident of Pine Grove I object to this proposed expansion of the school due to the increase in traffic and parked cars in the road that this will inevitably bring. It is all very well saying that you will encourage students to car share or get the bus, but if the increased traffic in Pine Grove is not directly affecting them, most parents will not heed this encouragement. The number of large cars already parked down our road all day long means that we cannot see what is coming up or down the road and just have to edge out blindly of our drive and hope that nothing is coming. This is made even worse at school pick up and drop off times and adding more pupils to the school is just going to increase the risk of serious accidents occurring."/>
