Comments

I write to support this application as I think it is about time that this impressive listed building (and associated buildings) was restored to it's former glory. Over the past 15 years or so I have noticed the steady decline of the building, with the lead being pinched from the roof more recently, leading to water damage internally. The existing office use produces more traffic than the proposed scheme would and therefore must be of benefit. When examining the proposed site plan it is clear to me that the proposed new development is either in the walled garden hidden from view, or in the former car park / farmyard area of the estate, both of which do not affect the openness of the Green Belt. I therefore whole heartedly support this application. Thanks.
