Comments

I write to show my support for the above application at Northaw House, Coopers Lane. I have watched this building go to rack and ruin over years and feel it's a terrible shame that this has been allowed to happen to such a beautiful piece of history in such a prominent location. After looking at the plans I am pleased to see that all enabling development for the refurbishment of Northaw House, will be located in areas that cannot be seen from any public vantage but in either the walled garden, sympathetically designed to be lower than the wall itself and the carpark area for the offices that were once in use. Having to use that stretch of road on my daily commute and knowing the number of cars the office employees used, I welcome the proposed scheme as I know this will lower the volume of traffic in and out of the development. All in all, I fully support this application and look forward to seeing a beautiful and historic building be returned to its former glory
