11th March 2019

Dear Sirs,

Ref: 6/2019/0217/MAJ & 6/2019/0218/LB

I wish to object most strongly to this proposal.

We should not be building on greenbelt land. Once this is allowed there can be no stopping it.

Coopers Lane already suffers with extreme traffic congestion and would it would cause chaos and gridlocked roads with the additional vehicles this development would entail.

The development is socially unsustainable as it is not mixed housing and has no affordable housing including.

With planning applications in place for Cuffley and Geoffs Oak our services, i.e. doctors, schools etc would not be able to cope.

I hope you will take objection to this applications and we will hear that this has been withdrawn/cancelled.

Yours sincerely

Mrs. P. Bollom
