**Type of Comment** 

Objection

**Type** 

neighbour

**Comments** 

It is important that the integrity of this house and the surrounding area is retained. So, we cannot accept recent the proposals and particularly as the design is incompatible with the existing buildings. Yet, again we see creeping development within the green belt and over development . As previously state the roads/lane, trans, health service and education cannot continue to support such developments. It is debateable as to whether water, sewage risk of flooding can cope!
