Comments	I have lived in the St Albans Area all my life. My father's family has a history with the area going back to the 2nd Battle of St Albans. My Mother's father moved to St Albans to manage the Station's Goods Yard. The work on this stretch of the Alban Way is nothing short of AMAZING. I would encourage all of you to walk the Alban Way and see the difference one man can make. He has a dream, this planning application is building on that dream. Not for profit, just for the community, and because he can. Please, please, please support this application. Hopefully, you will feel inspired to look at how the Alban Way can be maintained to this standard for its entire length
