Comments	Why on earth would anyone support an application that will clearly damage the Green Belt and the surrounding environment . The impact on resources and Existing Dwellings and Area , School Places , Water , Electric , Gas , Waste Disposal , Travel such as Trains / Buses / Roads and Traffic Volume on the roads , Pollution , would all be be hugely significant . There must be more suitable areas that can be extended without causing upset , stresses and strain on the community . Please consider all of these points , as they are all important and completely valid and the communities opinions matter !!
