Comments	Northaw Park estate is a rural development not easily accessible to public transport, a half hourly bus is located a 15 minute walk away, and there are no footpaths to the estate. The residents already experience problems with the shared sewage system which we pay to maintain. When it snows, all the Firs Wood Close residents park at the top of the road, making access onto the estate difficult. The traffic in the area increases during the evening and at weekends as there are always events at the Oshwal Centre, which can make it difficult to access and leave the estate, this will be exacerbated with more residents. The closest shops are over a mile away, down an unlit road with no pavements. We chose to live here because of the rural location, the proposed development would totally destroy this and devalue our property.
