Location	Land to the east of Firs Wood Close, Northaw
Proposal	Erection of 26 dwellings and associated access
Case Officer	Mr William Myers
Organisation Type of Comment	Objection
Туре	neighbour
Comments	What is it about the green belt surrounding Northaw and Cuffley that attracts developers again and again? we seem continually fighting off these greedy organisations. The site at Firs Wood Close is in the middle of beautiful green fields, without any local public transport, or local amenities so every trip wouldhave to be made by a vehicle. This is in direct opposition to the promised attempt to reduce carbon production. Infrastructure for this amount of housing is not present at this location either. There is no desire or need for this housing scheme in this area, we are already being pressurised by the local planning scheme by Welhat. Please leave us alone! Once the green belt is used it can never be regained and a president will be set. We , as residents love our environment and the wildlife and want to protect it for future generations.
