Application Number	6/2019/1370/MAJ
Location	Land to the east of Firs Wood Close, Northaw
Proposal	Erection of 26 dwellings and associated access
Case Officer	Mr William Myers
Organisation Type of Comment	Objection
Туре	neighbour
Comments	The application is in contravention of all Greenbelt Policy and must be treated accordingly. To the presiding planning officer overseeing this application, please visit Firs Wood Close after sunset or before sunrise, making your way from the nearest bus stop of your choice by foot. (I strongly suggest you wear a High Visibility jacket and carry a torchif raining wellingtons would be useful). Thentry it again in the winter, watch out for the horses if you decide to use the designated bridle path as suggested by the Highways Report, as at 25mph. and 1/2 a ton its unwise to get in there way!!! (If commuting to a place of work you will require a change of clothes on arrival during winter months.) This development is 100% unsustainable in all and every regard and must be found as such, there are zero 'special circumstances' demonstrated as simply there are zero to demonstrate.
