<b>Comments</b>	<input type="text" value="1. The silos are ugly, at 12 or 13 metres tall the dominate the skyline. They are an unsightly grey and don't blend in with the landscape. 2. The operation is noisy in an area used by walkers 3. They are very close to the new flats under construction in Chequersfield (which have planning consent!) I'm sure the new residents will find the appearance and noise objectionable 4. Easymix knowingly erected these without consent"/>
