

Comment for planning application 6/2020/1269/FULL

Application Number	<input type="text" value="6/2020/1269/FULL"/>
Location	<input type="text" value="47-49 Burrowfield Welwyn Garden City AL7 4SS"/>
Proposal	<input type="text" value="Retrospective planning permission for retention of mobile concrete dry batching plant"/>
Case Officer	<input type="text" value="Mr Raymond Lee"/>
Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="This building was erected without permission. It has huge impact on the appearance of the surrounding area as it is an overbearing large building that stands out in an otherwise pleasant residential green area. There is an environmental impact from the noise that comes from this building, which can be heard from the Scholars Walk residential estate. I am led to believe that the owner claims it is a mobile unit. Presumably this means it is not a permanent structure. I would argue it has been in place far too long now to be considered mobile."/>
