Comments	<input type="text" value="Overdevelopment of a green belt site now which seems to be for commercial greed, and adversely changing the setting of a grade 2 building and its curtilage.I know there were private individuals interested in restoring the estate to a private house and were willing to purchase it but not at the price the owner wanted with all these extra houses. There are other ways to preserve this grade 2 listed building without overdeveloping the grounds so many parties can make lots of money whilst causing endless road chaos."/>
