Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I understand that the original application was passed so that the house could be 'saved'! I objected then and I still object now especially as the developers are trying to add more housing to a small village and in the process encroach more on Greenbelt land and the openness of the area. More traffic as the transport is very poor (ie buses link) and therefore you have to own a car or walk/cycle, or as is the normal now for delivery by van. No 'affordable' dwellings. There are no special circumstances for more development on this site."/>
