<b>Comments</b>	<input type="text" value="I supported the first application and do so again for the same reasons as before, namely i would like to see the listed buildings restored. As this application revolves around the financial viability of the proposals, the council should now approve this application as it is the same number of dwellings that was originally proposed by the applicants and this was subsequently reduced by the council acting on what appears to be the wrong advice. I request this application should be approved. [REDACTED]"/>
