Comments	<input type="text" value="My household objects to this application for an increase in housing which appears only so the developer can cover their rising costs. Although we understand and appreciate all the arguments for new housing this is a stand alone development, no affordable housing and offers the community and the village of Northaw no benefits. I could see nothing in the plans that can justify additional loss of Green Belt land. Furthermore I also object to the proposed 'Highway Improvement' where the designers feel it necessary to change the look of the entry point of the village coming from Potters Bar by removing the mini roundabout next to the pond and installing ugly looking yellow signs warning of humps up ahead."/>
