<b>Comments</b>	<input type="text" value="I believe that blocks of flats taller than 3 or 4 stories high are completely out of line with the rest of the architecture in Welwyn Garden City. I believe that to ensure the integrity of the town's planning and the the environment that this planning application should be rejected. I also believe that the additional congestion will have both environmental issues and have an impact on the health of those who live close by."/>
