Comments	<input type="text" value="The proposed development should not be allowed to go ahead. This is a Garden City and developments that are reaching up to 10 storeys high should not be allowed. This is high density housing, and should not be allowed to go ahead. Visually it will be an eyesore, and not in keeping with the rest of the town. Similarly the lack of parking for the proposed number of units will cause a huge problem. Anyone that has had to rely on local buses will know that they are awful, and there are swathes of WGC that cannot be accessed easily by public transport outside of 9-5 Monday to Friday, thus necessitating the need for cars and car spaces."/>
