<b>Comments</b>	<input type="text" value="As a Garden City we should not be building 7 story buildings. We also need to be aware that the existing infrastructure cannot accommodate the number of people who will be moving into this community. There are already traffic jams into and out of Welwyn Garden in rush hour. Parking and green space in the development is also at a minimum. The maximum height for any development should be three stories to maintain the Garden Village ethos."/>
