Comments	<input type="text" value="The size and height of some of the buildings seems totally inappropriate for the site and not in keeping with the design of Welwyn Garden City. There seems to be a lack of green space and parking space and it feels as if flats are being squeezed in rather than giving any thought to what would be pleasant and beneficial for the people who will be living there. I'm also concerned that services such as health, education retail and many others do not have the capacity to provide for many more people in that one area."/>
