<b>Comments</b>	<input type="text" value="This application should refused on overdevelopment grounds. It will increase the number of properties originally approved by 50%! The silos &amp; the Art Deco existing building will be totally hidden from view. The height of the proposed blocks beggar belief! The proposal is totally at variance with the Council's SPD for the area. Where is there greenery? This is a Garden City! The applicants are just being greedy!"/>
