Comments	<input type="text" value="This type scheme is out of character with the whole ethos of this town. You are creating the slums of the future here in WGC. Why we need is combinations of houses work places and recreational facilities for all. This council is not capable of policing or maintaining the town or surrounding area. Have planners not learned from bad planning schemes of the past. Broad water estate Tottenham, high rise flats grouped together and in WGC one is too many. Greed and corruption seem to be this council philosophy but not the people of this town. Where does HCC, WGC and our MP stand on this issue"/>
