Comments	<input type="text" value="The new proposal increases the number of dwellings by 50% from 811 to 1220, and building height to 9 storeys. This contradicts the Broadwater Road SPD limiting building to five storeys except in exceptional circumstances. The development hides the Shredded Wheat silos and production hall. It will compromise the Broadwater Road street scene, overpowering the art deco Griffin Place and Mirage developments to the south. It is inappropriate for a Garden City; 264 dwellings per hectare is too dense. It lacks greenery. It will house 1200 more people than the 2019 application. The local infrastructure is quite inadequate to sustain a development on this scale."/>
