<b>Comments</b>	<input type="text" value="There are far too many flats in this one area. There should be more family homes with gardens for local people these flats will be bought by commuters to London and buy to let. They are too high and will over shadow all around them, this design is totally against the ethos of a garden city. WGC has had a huge increase in population too quickly and the infrastructure and facilities are not in place to support this."/>
