<b>Comments</b>	<input type="text" value="There is a predominantly ageing population in Welwyn Garden city who benefit from the peace and quiet of the town which is considerably safe for them. The intention to build a multi-storey lacks foresight in that you are not considering the needs of the town and the people living in it, their health and safety. You are introducing elements into the town which will destroy it. A 10 storey building will be a monstrosity. Building a multi-storey building will destroy the tone and ambience of Welwyn garden city."/>
