Comments	<input type="text" value="This is completely ridiculous. Not in keeping at all with the Garden City we know and love. Not to mention the lack of infrastructure we have to support this. We used to live on the Mirage development and parking was always a nightmare as current requirements for properties is not sufficient for 2021 living. The developers have been lucky in my opinion to get this far with already proposed plans. Please don't let them take advantage any more!!"/>
