Comments	<input type="text" value="I'm objecting to the development planned at the Shredded Wheat site. I moved to Welwyn Garden City because of the Garden City ethos and how different that makes this town feel to other urban cities and towns and which I believe makes a difference to the quality of life for residents and is protective for mental health. I am very disappointed and shocked at how this development violates the Garden City Ethos with high-density housing, high-rise blocks, and with the residents having no share of land, the very core of the ethos of Ebenezer Howard for a garden city. I believe this will fundamentally alter and compromise the essence of Welwyn Garden City and lose its appeal and exemplary place of what good healthy town planning looks like. Do Welwyn Hatfield Council not care? I really hope this does not proceed as planned!"/>
