Comments	<input type="text" value="For starters it is not in keeping with the rest of the town. There is no infrastructure to support the new housing. The flats exceed the 5 story limit for the area. Over populating a small area. No parking for residents, looks awful and nothing like a garden city should look like. It is forcing people to leave the town they love because they don't want to live with such a monstrosity. The planners probably live miles away and not even seen the area they are destroying, all they are seeing is their big bank balance at the end of it. Judging by the looks of the plan, I can guarantee the crime rate will increase. Please don't ruin our lovely town."/>
