Subject: Development of the Shredded Wheat site in WGC.

Dear Mr Shapps,

I am writing to you to seek your influence over my utter concern over the development plans which appear to be going ahead in this area of Welwyn Garden City.

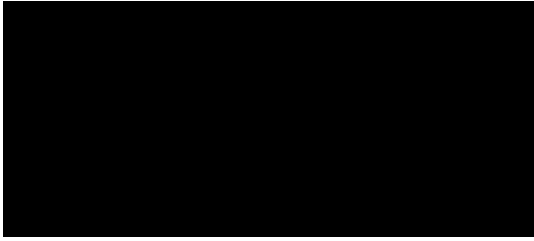

The proposed 11 story blocks are completely inappropriate and will create a most undesirable precedent in the garden city. If you have the time please stand in one of the beautiful fields west of Tewin as my wife and I did yesterday and look south and you will already see these half built blocks looming above the tree line over Panshangar. An absolute blight !

Furthermore where are we going to find doctors practices which are already at bursting pint to accommodate this further influx of people and indeed how will they squeeze additional children into the local overcrowded schools ??

Please can you use all your power and influence to prevent such high rise plans going any further. An absolute maximum of 7 stories per block is quite enough in my view.

Thank you,

Best regards
