Comments	<input type="text" value="the buildings are too tall and are above the Council's own recommended limit of 5 storeys, are out of keeping with a garden city, have insufficient green space and are overpowering for the site. The infrastructure of WGC will be massively impacted, there is already waiting lists to get a doctors appointment, schools are overcrowded and the quality of life for current residents will be impacted in particular parking either in town, stanborough or other communal places. I can also see this being a perfect hotbed for crime. Train users crossing through will be targets"/>
