<b>Comments</b>	<input type="text" value="The proposed high rise flats are out of keeping with WGC. They are above the council recommended height of 5 storeys. The buildings are out of keeping with the site and will over - power the protected silos. The green space proposed is insufficient for the number of residences. I do not believe the infrastructure required to support this number of properties is in place, such as doctors, schools, hospitals, road network."/>
