Dear Planning Dept.

I have been made aware from residents of Pine Grove that Chancellors School plans to extend further beyond the current expansion that has already made the road a hazard for both children/ other pedestrians and also dangerous for drivers and residents.

This is due to an absence of any traffic planning / sufficient parking for the school and no escape routes for such heavy flow of people attempting to attend the site.

Residents have endured an ongoing battle with angry frustrated congested motorists along with witnessing many close calls in terms of children almost being hit by vehicles swerving to avoid other motorists.

Please take this email as written objection from our family at number 18 Pine Grove just due to the current untenable dangerous situation which the council has yet to address.

Adding to this would in my view be extremely careless dangerous (especially for the pupils) and bereft of any common sense by the council.

Kindest regards,

[REDACTED]
