Comments	<p>Chancellors school has not complied with the conditions of their previous planning consent which requires them to have a traffic management plan to solve the problems which the residents of Bell Lane suffer DAILY with parents picking up their children parking over their drives, on their flowerbeds, blocking their exits etc. One woman parked her car across the entrance to the farm track denying access to 5 houses and refused to move! No planning consent should be given until this has been rectified. Only number 60 and 62 Bell Lane were notified of this planning application. Why were the other residents not notified? The knock-on effect of any more building on the Chancellors site will inevitably give rise to more cars needing parking places exacerbating the problem in Bell Lane and surrounding roads. This decision affects all of us in Bell lane.</p>
