Comments	<input type="text" value="Thank you for consulting The Gardens Trust of which HGT is a member. The oak (T1) is part of the ancient woodland of Sherrards Park and abuts the old railway line from Harpenden, now a footpath. There is no detail of the condition or age of the tree which may provide reasons for the pruning for health and safety reasons. Unless substantial justification for pruning this oak tree is submitted, on safety grounds for either people or the tree, then we consider that the tree in a wood which predates the adjacent house by several centuries, should not be pruned as proposed."/>
