

Land south-west of Filbert Close, Filbert Close Hatfield AL10 9SH

Objection:

As outline permission already exists, this application is for the details of the development. We support Cllr Thorpe's concern over no social housing on this site. Although we are pleased to see a range of houses and some flats, we would like to see three- or four-bedroom affordable family homes and not just two bed flats. Gardens and houses with 2 parking spaces are to be welcomed.

The loss of urban open space is disappointing as all current residents need space for recreation. The urban space left is a nature reserve, essentially land left fallow so trees & shrubs can grow & support wildlife. This is not exactly available for recreation.

Thames Water have not been consulted – is this required?
