Comments	<p>Thank you for consulting The Gardens Trust, of which HGT is a member. We are concerned that the 12 additional lights (5 over paypoints and 7 extra on the permitted columns) will cause more light pollution in the Conservation Area and affect the historic gardens of the town centre at the Campus end of Parkway. We have seen insufficient justification for the proposed harm to the CA and heritage asset in this application. We would welcome clarification why additional lights are now required so late in the design process and the proposed mitigation for the harm these will do.</p>
