Important – Planning permission and notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee may be payable for each request to discharge conditions.

For advice on any of these matters, please contact the duty planning officer or the case officer at Welwyn Hatfield Borough Council, Campus East, The Campus, Welwyn Garden City, AL8 6AE or by email planning@welhat.gov.uk between 0900 – 1100 daily.

**Notice of Decision
Town and Country Planning Act 1990
Town and Country Planning (Development
Management Procedure) (England) Order 2015
Approval of Permission for Development**

To: Bourne Parking

Application No: 6/2022/2533/VAR

Date of Approval: 16 June 2023

WELWYN HATFIELD BOROUGH COUNCIL, in pursuance of powers under the above mentioned act, hereby GRANT, subject to the development beginning not later than 3 years from the date within the original permission to which this application varies: -

Development: Variation of condition 21 (approved plans) on planning permission 6/2021/2207/MAJ for changes to the lighting arrangement

At Location: Campus West The Campus Welwyn Garden City Hertfordshire AL8 6BX

Applicant: Bourne Parking

Application Date: 7 November 2022

In accordance with the conditions listed below: -

1. The development shall not be carried out except in the accordance with the Transport Method Statement by (revision 6, dated 24 May 2022) approved by Welwyn Hatfield Council on 30 May 2022 under application 6/2022/0374/COND. Subsequently, the approved Construction Management Plan shall not be changed.

REASON: In order to protect highway safety and the amenity of other users of the public highway and rights of way in accordance with Policy SADM2 of the Emerging Welwyn Hatfield Local Plan 2016 and the NPPF.

2. The development shall not be carried out except in accordance with the site levels drawings ref: TS20-460-1-B, TS20-460-2-B, 6409-BPL-004-GRD and 6409-BPL-005-LVL1 approved by Welwyn Hatfield Council on 30 May 2022 under application 6/2022/0374/COND. Subsequently, the approved details shall not be changed.

REASON: To ensure that the development is completed at suitable levels with regard to the surrounding properties in accordance with Policies D1 and D2 of the Welwyn Hatfield District Plan 2005.

3. The development shall not be carried out except in accordance with the surface water drainage plans ref: BGW-AKSW-XX-XX-DR-C-9100-C01 (dated 14.02.22), BGW-AKSW-XX-XX-DR-C-9101-C01 (dated 14.02.22), BGW-AKSW-XX-XX-DR-C-9500-C01 (dated 14.02.22), BWG-AKSW-XX-XX-DR-C-9501-C01 (dated 14.02.22) and Drainage Inspection Report by Draincare Environmental Services Ltd (dated 21/06/2019) approved by Welwyn Hatfield Council on 30 May 2022 under application 6/2022/0374/COND. Subsequently, the approved details shall not be changed.

REASON: To prevent the increased risk of flooding, both on and off site in accordance with Policies R7 and R8 of the Welwyn Hatfield District Plan 2005.

4. The development shall not be carried out except in accordance with the drawings ref: 2166-TFC-00-00-DR-L-1001 09 and 2166_TFC_00_00-DL-L-1002 02 and an Ecological Enhancement Strategy by Tim Moya Associates approved by Welwyn Hatfield Council on 30 May 2022 under application 6/2022/0374/COND. Subsequently, the approved details shall not be changed.

REASON: To ensure that the development achieves a net gain for biodiversity on the site in accordance with the Policy R11 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

5. The development shall not be carried out except in accordance with the Arboricultural Method Statement by Tim Moya Associates (dated February 2022) approved by Welwyn Hatfield Council on 30 May 2022 under application 6/2022/0374/COND.

REASON: To ensure the satisfactory protection of retained trees, shrubs and hedgerows during the construction period in the interest of visual amenity in accordance with Policy R17, D8 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

6. The development shall not be carried out except in accordance with the Remediation Strategy by Tetra Tech Ltd (dated January 2022) approved by Welwyn Hatfield Council on 30 May 2022 under application 6/2022/0374/COND.

In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing immediately to the Local Planning Authority. A revised remediation scheme including the following components to deal with the risks associated with contamination of the site shall each be submitted to and approved, in writing, by the local planning authority:

- A. A preliminary risk assessment which has identified;

- i. all previous uses;
- ii. remediation objectives and criteria including all works to be undertaken,
- iii. potential contaminants associated with those uses,
- iv. a conceptual model of the site indicating sources, pathways and receptors, potentially unacceptable risks arising from the contamination at the site.
- v. Timetables of works and site management procedures

B. A site investigation scheme based on (A) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site. This should include an assessment of the potential risks to: human health, property (existing or proposed) including buildings, crops, pests, woodland and service lines and pipes, adjoining land, ground waters and surface waters, ecological systems, archaeological sites and ancient monuments.

C. The results of the site investigation and the detail risk assessment referred to in (B) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken

D. A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (C) are complete and identifying any requirements for longer term monitoring of pollutant linkages, maintenance and arrangements for contingency action. Any changes to these components require the express consent of the local planning authority. The scheme shall be implemented as approved

Where remediation is necessary a remediation scheme must be prepared in accordance with the above requirements, which is subject to the approval in writing of the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and others offsite in accordance with Policies R2 and R7 of the Welwyn Hatfield District Plan 2005.

7. All noisy works and ancillary operations which are audible at the site boundary, or at such other place as may be agreed with the Council, shall be carried out only between the hours of: 8.00am and 6.00pm on Mondays to Fridays
8.00am and 1.00pm Saturdays and at no time on Sundays and Bank Holidays.
If noisy works must be carried out beyond these times, then an application must

be made for consideration by environmental health under the Control of Pollution Act 1974 (Section 61 application).

REASON: To protect residents from noise from construction works beyond reasonable times in line with Policy R19 and D1 of the District Plan 2005, Supplementary Design Guidance 2005 and the National Planning Policy Framework.

8. The development shall not be carried out except in accordance with the off-site highway improvement drawings ref: WHBCCAMPUS.2/01 P5, BCCAMPUS.2/10 P5, WHBCCAMPUS.2/30 P5 and WHBCCAMPUS.2/40 P5 approved by Welwyn Hatfield Council on 25 November 2022 under application 6/2022/2117/COND. Subsequently, the approved details shall not be changed.

REASON: To ensure construction of a satisfactory development and that the highway improvement works are designed to an appropriate standard in the interest of highway safety and amenity and in accordance with Policy 5, 13 and 21 of Hertfordshire's Local Transport Plan (adopted 2018) and Policy SADM2 of the Emerging Welwyn Hatfield Local Plan 2016.

9. The development shall be constructed in accordance with the principles set out in the submitted Energy Statement by Brinson Staniland Partnership dated May 2020 and shall thereafter be maintained in that form.

REASON: To ensure that the development contributes towards Sustainable Development and Energy efficiency in accordance with Policy R3 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

10. The development shall not be carried out except in accordance with the EV Charging Points Plan ref: 6409-BPL-004-GRD-P06 (dated February 2022) approved by Welwyn Hatfield Council on 17 August 2022 under application 6/2022/1084/COND. The electric car charging points shall thereafter be installed as approved prior to first occupation, subject to availability of local grid capacity. Subsequently, the approved details shall not be changed.

REASON: In the interest of sustainable transport methods. In accordance with NPPF, and Policies M2, M3, M5, M6, M8, M14, and D1 of the District Plan 2005 and SADM3 of the Emerging Local Plan.

11. The development shall not be carried out except in accordance with the CCTV layout drawings ref: PB 13307 14 B and PB 13307 15 B (dated April 2022) approved by Welwyn Hatfield Council on 17 August 2022 under application 6/2022/1084/COND. Subsequently, the approved details shall not be changed.

REASON: In the interests of public safety and amenity in accordance with Policies D1 and R20 of the Welwyn Hatfield District Plan 2005.

12. The development shall not be carried out except in accordance with the privacy screens drawings ref: 6409 BPL 008 Sec P02 and 6409-BPL-022-ELE-P01 (dated April 2022 and July 2022) approved by Welwyn Hatfield Council on 17 August 2022 under application 6/2022/1084/COND. Subsequently, the development shall be implemented in accordance with the approved plans prior to first use and the approved details shall not be changed.

REASON: To protect the amenity of the adjoining occupiers in accordance with Policy D1 of the Welwyn Hatfield District Plan, 2005.

13. The development shall not be carried out except in accordance with the Landscape plans ref: 2166-TFC-00-00-DR-L-1002, 2166-TFC-00-00-DR-L-1001 and 6409-BPL-004-GRD P06 (dated February 2022 and April 2022) approved by Welwyn Hatfield Council on 17 August 2022 under application 6/2022/1084/COND. Subsequently, the approved details shall not be changed.

REASON: In order to ensure the delivery of an acceptable scheme of landscaping and to protect the amenity of the adjoining occupiers in accordance with Policies D1 and D8 of the Welwyn Hatfield District Plan 2005.

14. The development shall not be carried out except in accordance with the approved materials as specified in application reference 6/2022/1084/COND. Subsequently, the approved materials shall not be changed.

REASON: To ensure a satisfactory standard of development in the interests of visual amenity in accordance with Policies D1 and D2 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

15. The development shall not be carried out except in accordance with the Remediation Verification reports (Airbourne Fibre Sampling & Analysis Certificate, Bulk Sampling Report, Soil Report Sheet and Asbestos Verification Report) approved by Welwyn Hatfield Council on 12 April 2023 under application 6/2023/0233/COND. Subsequently, the approved details shall not be changed.

REASON: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and others offsite in accordance with Policies R2 and R7 of the Welwyn Hatfield District Plan 2005

16. The development shall not be carried out except in accordance with the Anti Social Behaviour (ASB) Report and associated addendum approved by Welwyn Hatfield Council on 5 April 2023 under application 6/2023/0502/COND. Subsequently, the approved details shall not be changed

REASON: In the interests of security and to protect the amenities of neighbouring residential properties in accordance with Policy D1 of the Welwyn Hatfield District Plan, 2005.

17. Prior to the first occupation of the development hereby permitted, the proposed car parking shall be laid out, demarcated, levelled, surfaced and drained in accordance with the approved plan and retained thereafter and made available for that specific use.

REASON: To ensure the permanent availability of the parking and manoeuvring area, in the interests of highway safety in accordance with Policy M14 of the Welwyn Hatfield District Plan 2005 and the National Planning Policy Framework.

18. Prior to the first use of the upper deck of the car park, back shields as detailed in the approved lighting report by Lighting Design Studio (dated November 2021) shall be installed on the lighting columns around the perimeter of the site and retained thereafter.

REASON: To protect the amenity of the adjoining occupiers in accordance with Policy D1 of the Welwyn Hatfield District Plan 2005 and the NPPF.

19. Any vegetation clearance on site shall be undertaken outside the nesting bird season (March to end of July inclusive) to protect breeding birds, their nests, eggs and young. If this is not practicable, a search of the area shall be made no more than two days in advance of vegetation clearance by a competent Ecologist and if active nests are found, works must stop until the birds have left the nest.

REASON: To ensure protected species are not harmed by the development in accordance with European and National legislation.

20. All agreed landscaping comprised in the above details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the first building, the completion of the development, or in agreed phases whichever is the sooner: and any plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others

of similar size and species. All landscape works shall be carried out in accordance with the guidance contained in British Standards 8545: 2014.

REASON: To ensure proper implementation of the agreed landscape details in the interest of the amenity value of the development in accordance with Policies D1, D2 and D8 of the Welwyn Hatfield District Plan 2005.

DRAWING NUMBERS

21. The development/works shall not be started and completed other than in accordance with the approved plans and details:

Plan Number	Revision Number	Details	Received Date
P001		Location Plan	21 July 2021
P005	B	Proposed Block Plan	21 July 2021
P026		Proposed First Floor Tracking	21 July 2021
P025	A	Proposed Ground Floor Tracking	21 July 2021
P007	B	Proposed Ground Floor Plan	21 July 2021
6409-BPL-005-LVL 1	C02	Level 1 Plan	6 February 2023
BPL-6425-ELEV-045	C01	Elevation Plans	12 April 2023
BPL-6425-GRD-004	C10	Grade Level Plan	12 April 2023
2		Under Deck Lighting Plan	16 November 2021
P010		Proposed Sections A & B	21 July 2021
P011		Proposed Section Cc	21 July 2021
2166-TFC-00-00-DR-L-1001		Proposed Landscape Plan	21 July 2021
P006	B	Proposed Overall Site Plan	21 July 2021

REASON: To ensure that the development is carried out in accordance with the approved plans and details.

1. POSITIVE AND PROACTIVE STATEMENT

The decision has been made taking into account, where practicable and appropriate the requirements of paragraph 38 of the National Planning Policy Framework and material planning considerations do not justify a decision contrary to the development plan (see Officer's report which can be viewed on the Council's website or inspected at these offices).

Informative(s)

1. This permission does not convey any consent which may be required under any legislation other than the Town and Country Planning Acts. Any permission required under the Building Regulations or under any other Act, must be obtained from the relevant authority or body e.g. Fire Officer, Health and Safety Executive, Environment Agency (water interest etc.) Neither does this permission negate or override any private covenants or legal interest (easements or wayleaves) which may affect the land.
2. Road Deposits: It is an offence under section 148 of the Highways Act 1980 to deposit mud or other debris on the public highway, and section 149 of the same Act gives the Highway Authority powers to remove such material at the expense of the party responsible. Therefore, best practical means shall be taken at all times to ensure that all vehicles leaving the site during construction of the development are in a condition such as not to emit dust or deposit mud, slurry or other debris on the highway. Further information is available via the website:
<https://www.hertfordshire.gov.uk/services/highways-roadsand-pavements/highways-roads-and-pavements.aspx>
3. Parking and Storage of materials: The applicant is advised that all areas for parking, storage, and delivery of materials associated with the construction of this development should be provided within the site on land which is not public highway, and the use of such areas must not interfere with the public highway. If this is not possible, authorisation should be sought from the Highway Authority before construction works commence. Further information is available via the website:
<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-anddeveloper-information/development-management/highways-developmentmanagement.aspx> or by telephoning 0300 1234047.
4. Obstruction of public highway land: It is an offence under section 137 of the Highways Act 1980 for any person, without lawful authority or excuse, in any way to wilfully obstruct the free passage along a highway or public right of way. If this development is likely to result in the public highway or public right of way network becoming routinely blocked (fully or partly) the applicant must contact the Highway Authority to obtain their permission and requirements before construction works commence. Further information is available via the website:
<http://www.hertsdirect.org/services/transtreets/highways/> or by telephoning 0300 1234047.

5. The applicant is advised that in order to comply with this permission it will be necessary for the developer of the site to enter into an agreement with Hertfordshire County Council as Highway Authority under Section 278 of the Highways Act 1980 to ensure the satisfactory completion of the access and associated road improvements. The construction of such works must be undertaken to the satisfaction and specification of the Highway Authority, and by a contractor who is authorised to work in the public highway. Before works commence the applicant will need to apply to the Highway Authority to obtain their permission and requirements. Further information is available via the County Council website at:

<https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/development-management/highways-development-management.aspx> or by telephoning 0300 1234047.

6. The purpose of the CTMP is to help developers minimise construction impacts and relates to all construction activity both on and off site that impacts on the wider environment. It is intended to be a live document whereby different stages will be completed and submitted for application as the development progresses. A completed and signed CMP must address the way in which any impacts associated with the proposed works, and any cumulative impacts of other nearby construction sites will be mitigated and managed. The level of detail required in a CMP will depend on the scale and nature of development. The CMP would need to include elements of the Construction Logistics and Community Safety (CLOCS) standards as set out in our Construction Management template, a copy of which is available on the County Council's website at: <https://www.hertfordshire.gov.uk/services/highways-roads-and-pavements/business-and-developer-information/development-management/highways-development-management.aspx>

7. All plant and machinery in use shall be properly silenced and maintained in accordance with the manufacturers' instructions.

All compressors shall be sound reduced models, fitted with properly lined and sealed acoustic covers, which shall be kept closed whenever the machines are in use. All ancillary pneumatic percussive tools shall be fitted with mufflers or silencers of the type recommended by the manufactures.

All machines in intermittent use shall be shut down during intervening periods between works, or throttled down to a minimum. Noise emitting equipment, which is required to operate continuously, shall be housed in suitable acoustic enclosures.

Items of plant and equipment shall be maintained in good condition so that extraneous noise from mechanical vibration, squeaking or creaking is reduced to a minimum.

Any pile driving shall be carried out by a recognised noise reducing system.

Where practical, rotary drills and bursters, actuated by hydraulic or electric power shall be used for excavating hard material.

In general, equipment for breaking concrete and the like, shall be hydraulically actuated.

'BS 5228 Noise Control on Construction Sites' should be referred to for guidance in respect of all work carried out by the developer, their main contractor and any sub contractors.

Any emergency deviation from these conditions shall be notified to the Council without delay.

All efforts shall be made to reduce dust generation to a minimum.

Stock piles of materials for use on the site or disposal that are likely to generate dust, shall be sited so as to minimise any nuisance to residents or neighbouring businesses. Materials for disposal shall be moved off site as quickly as possible.

Water sprays shall be used, as and when necessary, to reduce dust from particularly "dusty" activities or stock piles.

8. Bats and their roosts are protected at all times under domestic and European law. Works should proceed with caution, and in the event of bats or evidence of them being found, work must stop immediately and advice taken on how to proceed lawfully from an appropriately qualified and experienced Ecologist or Natural England: 0300 060 3900.

Chris Carter
Assistant Director (Planning)

Town and Country Planning Act 1990

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of The Town and Country Planning Act.
- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or 12 weeks in the case of a householder appeal of the date of this notice, whichever period expires earlier. •
- As this is a decision to refuse permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice;
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN or online at www.gov.uk/government/organisations/planning-inspectorate.
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by the Secretary of State.

Purchase Notices

- If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render

the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

- In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part 6 of the Town and Country Planning Act 1990.

WHY HERTFORDSHIRE BUILDING CONTROL?

Hertfordshire Building Control are owned by seven local authorities in Hertfordshire. In effect, as a resident in Hertfordshire, you own Hertfordshire Building Control. Any profit we make is returned to those local authorities who reinvest it into our communities, which you as a resident will benefit from. Therefore, by using our services you benefit from our experienced and knowledgeable team of surveyors, and also from the investment made in the community by Local Authorities.

Being accountable to the public in this way means that we will not be compromised by people or organisations, and when things go wrong - for example buildings becoming dangerous as a result of poor building practices and improper inspections - we are the people who are called in to ensure that the area is made safe and further losses minimised.

Use Hertfordshire Building Control early on in your project to **prevent** such occurrences rather than having us being called in to **cure** them.

WHAT HERTFORDSHIRE BUILDING CONTROL OFFERS:

- A truly independent service working on behalf of the property owner and accountable to the residents of Hertfordshire;
- Surveyors with the skills and experience to lead the compliance process ensuring that your property meets the standards required by Building Regulations
- A team with the capacity to provide a responsive service, ensuring that your project will be inspected when it needs to be and will not be held up.
- The technology to increase surveyor time on site and improve our service to our customers;
- A one stop shop for all related activities including air testing, acoustic testing, engineering and SAP calculations and warranties;
- A company that returns 100% of its profits back to Local Authorities for investment in the community.

NEXT STEPS

Contact us as early as possible to make sure we can help you through the process. If you are sure about the type of building application you need to make, you can download the forms online at www.hertfordshirebc.co.uk

If you have any concerns or questions then please call us on **020 8207 7456** or email buildingcontrol@hertfordshirebc.co.uk

HERTFORDSHIRE BUILDING CONTROL

PROTECTING YOUR INTERESTS BY
ENSURING QUALITY BUILDINGS

020 8207 7456
www.hertfordshirebc.co.uk

WHAT IS BUILDING CONTROL?

Building Control ensures that architects, builders and other professionals in the construction industry adhere to the Building Regulations when designing and building structures. The Building Regulations set the standards for the design and construction of buildings to ensure that they are safe, accessible and energy efficient.

DOES MY PROJECT NEED BUILDING CONTROL APPROVAL?

Projects that involve extensions, structural changes, loft or garage conversions or changes to electrical wiring will - in the vast majority of cases - need Building Control certification. It is a legal requirement.

To check whether your project requires building control approval please call one of our qualified surveyors on **020 8207 7456** who will be happy to advise you. Or contact us at the following email address buildingcontrol@hertfordshirebc.co.uk. Alternatively, there is a lot of useful advice contained on our website: www.hertfordshirebc.co.uk.

WHY DO I NEED BUILDING CONTROL?

There is a legal requirement that work carried out on buildings including alterations, extensions and garage and loft conversions are inspected and certified by an authorised Building Control body. Building Control protects the interests of the property owner ensuring that architects and builders adhere to the standards required in the Building Regulations. Sadly, there are a number of rogue operators who will cut corners to save themselves money and in doing so cause buildings to be unsafe, difficult to access or exit, and energy inefficient. The building control surveyor is there to ensure that standards are adhered to and to certify the work carried out. This is not only important for you when living in your property but also when you come to sell it, as it could delay or prevent a sale if the appropriate certification has not been completed.

IS THIS DIFFERENT FROM PLANNING?

Building Control is separate from planning which deals with the appearance of buildings and how they fit into their environment. Your project may also need planning consent, which is a different process.

You may be receiving this advice note because you have submitted plans to your Local Authority planning department; if not you will need to contact them to discuss planning requirements. Links to contact Local Authority Planning departments are on our website.

WHAT DO BUILDING CONTROL SURVEYORS DO?

Building Control Surveyors work on behalf of the property owner and with architects, builders and other construction professionals to lead the compliance process, ensuring that buildings conform to Building Regulations. The mission of Hertfordshire Building Control is to ensure quality buildings and add value for our customers and communities by leading the compliance process. Essentially the surveyor protects the interests of the property owner and should therefore be independent of the architect and/or builder. Make sure that it is you and not your builder or architect who selects your Building Control provider, or that you have carried out the necessary due diligence.
