Comments	<input type="text" value="There needs to be more car parking within the development and no visitors spaces?? Approx 180 spaces to 313 flats, where does the overspill of cars go? 313 flats is over development where are all these new people to WGC going to go when they need hospitals, doctors, dentists, schools? There are currently not enough now let alone all the flats that are being built or proposed. The council needs to reassess the plan and ensure flats are required but also the schools/dentists/doctors and hospitals can cope. This should be rejected until then."/>
