Comments	<input type="text" value="The height of the development to 6 stories is totally inappropriate for the area and with houses nearby and should not be allowed. 4 stories is the maximum height in other buildings around the campus eg Council buildings and on the west side of the railway. The amount of parking is totally inadequate for the number of proposed flats and buildings and will lead to parking on other streets in the area. There is no provision for amenities to support all the extra people in the development (doctors, dentists, schools). The colour of the bricks seems out of character with the other buildings in the area."/>
