Comments	<input type="text" value="I wish to object to the plans for Campus East car park redevelopment. I am most concerned about lack of parking spaces for each home, it is all very well saying that the residents won't have cars as they will be commuters, but this simply is not the case, and you cannot enforce it; therefore the new residents will park all over the place. Residents parking is such a huge problem in WGC, the council need to be creating more for all residents. I am concerned that the density and height of these buildings will lower the quality of the town centre - making it less appealing to businesses and visitors."/>
