<b>Comments</b>	<input type="text" value="I object to the building of this development with the current plans, based on: - height of the homes is contrary to the Garden City ethos (thus making the town look more like a suburb of london) -density of homes I'd too great for such a small area. Where is the green space? The parks? -lack of parking spaces for each proposed home -lack of infrastructure in surrounding areas (doctors, schools, dentists, hospital) - there are already plenty of flats on the market that aren't being bought. 3 to 4 bed homes are in demand in WGC not more flats. - this is council owned land, do the right thing and demand they build what is needed (or may be even, so it yourselves!)"/>
