Comments	<input type="text" value="-Lack of housing for those on the local waiting list. -No houses at all - which is what the town needs for locals -Lack of doctor,school buses, and other infrastructure already a problem. -not in keeping with the style required for windows, brick colour etc - Lack of parking will contribute to congestion which is already an issue - assumption these new residents will not need a car - the shops are so awful in town everyone drives to get to better shops outside the town - no bike security for all of the cyclists expected (there are no cyclists using the new cycle lanes). -Crime and constant bike thefts in town means nobody will bring a bike there. - blocks too high - privacy for nearby residents taken away due to being overlooked -"/>
