Comments	<input type="text" value="Good morning I have lived in WGC since 2013 and I was drawn to our town because of the Garden City name and upon some research, the ethos of that name. I am proud of the vision of Mr Howard and the quality of life our town offers considering the increasing proximity of Greater London. I am lodging my objections because I work in Colindale, NW9 and this development means bringing that nightmare to Welwyn Garden. This site is in a prime position in the town centre where the best of our town's heritage and spirit can be seen by all. You only have to walk out of Colindale tube to be confronted by the oppressive skyline. I know we need more homes but that's just it, homes. Good sized houses and flats that can be lived in and enjoyed by generations. Our children and adults need parks and green spaces to thrive. Nature needs that too. The homes designed should be in recognition of the Garden City movement else the developers destroy that thing they will exploit. Please do the right thing!"/>
