Comments	<input type="text" value="Local infrastructure cannot cope with the sheer amount of people in these large housing developments coming into the town. There are already huge & unsightly developments along Bessemer road. These developers do not live here, so of course do not object. Local government turns a blind eye too. Money should be invested into much needed other services within the community-roads, schools & healthcare are already suffering. All planning applications sadly fall under the radar for most people to object -put this to a public & In-person vote & sure the outcome would be very different indeed."/>
