

53 Reel Court
AL86DG

Dear Mrs Moore

I object to the Bekway Homes application G/2022/2801/1/MA5 for the following reasons.

The density of the estate will cause an increase in traffic which will affect Reel Court residents unfavorably.

The height of some of the units will over dominate many of the apartments of our building.

Most importantly the nature of this development is contrary to the designs of the original Garden City, important features of this County's historic planning which excel in spaciousness and parkland landscaping.

Yours sincerely
