Dear Sirs,

[REDACTED] Blakemere Road (no 48) and have serious reservations with regards to the above proposed development.

Firstly we have no objection with regards to the site being used for suitable housing but do object to the type of development being proposed (peaks to six storeys) which is at odds with the councils own limit of five storeys.

The limited amount of car parking spaces will no doubt have knock on effects with neighbouring streets with additional cars being parked within walking distance of the development, including Blakemere Road.

We are fortunate to live in a Conservation area but the new development which will be on our doorstep, will not be in keeping with the character of the area.

Further more, what consideration has been made with regards to the local infrastructure such as schooling including doctors and dentists surgeries which are already seemingly over subscribed.

We do hope the council take on board existing local residents objections and look at alternative new housing in keeping with the immediate area and close proximity to the town centre.

Yours Faithfully,

[REDACTED]
