Comments:
Having been brought up in WGC I find it amazing that the council are prepared to even consider a development of this size. Is there never any consideration given to existing dwellings in the neighbourhood. To even consider blocks of this size (5 storeys) which will result in more traffic, more pollution, No doctors, No Dentists, Insufficient Schools and NHS Services the list is endless. Was the impact on existing dwellings ever considered? This was a Garden City a unique development and one to be admired. Who in the council is accountable for destroying all the good things that the Town stood for

Case Officer:
