Comments	<input type="text" value="This is a Garden city; this development needs to adhere to the original idea of mixed housing ie houses with gardens. This mix should include terraced houses, semis, detached, a few single storey bungalows for older residents to downsize to, to free up larger homes in the town, plus flats. Social housing should be part of this plus a council-run residential/care home where residents have easy access into the town centre if appropriate. The proposed plan is unattractive and overpowering in scale.. ."/>
